PANEL DESKS

DENCON

The Dencon panel desk is an elegant and exclusive alternative to a traditional desk. The choices are more or less the same, but it makes a more stylish impression. If you love Danish design office furniture, then the Dencon panel desk is the obvious choice.

The panel desk is a sit/stand desk, helping to create an ergonomic work environment. For a classic and timeless look, the side panels of this stylish desk hide the frame and legs. The panel desk is particularly suitable for the Chief Executive's office, where good impressions count.

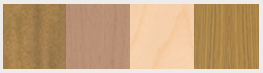

Design the desk as you want by choosing a veneer, laminate, or linoleum finish in a range of colours. For a clean look, the desktop is equipped with cable management and a cable tray underneath.

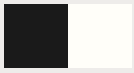

Veneer

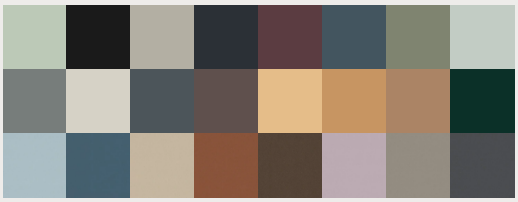

Soft HPL

HPL (High Pressure Laminates)

Linoleum colors
